

The VirtuOx Total Solution

Low cost software + low cost oximeters =

The industry's most cost effective way to qualify oxygen patients!

VPOD VO2 Program

- Save Oxygen Discharges
- Save PAP Discharges
- Grow Oxygen/PAP Census
- Reduce Expenses
- Increase Profits

Every month patients call your Durable Medical Equipment Company for a discharge of their Respiratory Equipment like Oxygen / PAP.

You have two options:

- Option 1: Get Discharge Prescription from the patient's physician and pick up Oxygen / PAP
- Option 2: Initiate VO2 program, patient tests for two consecutive nights with night 1 on therapy and night 2 off therapy.

VPOD VO2 Program Features:

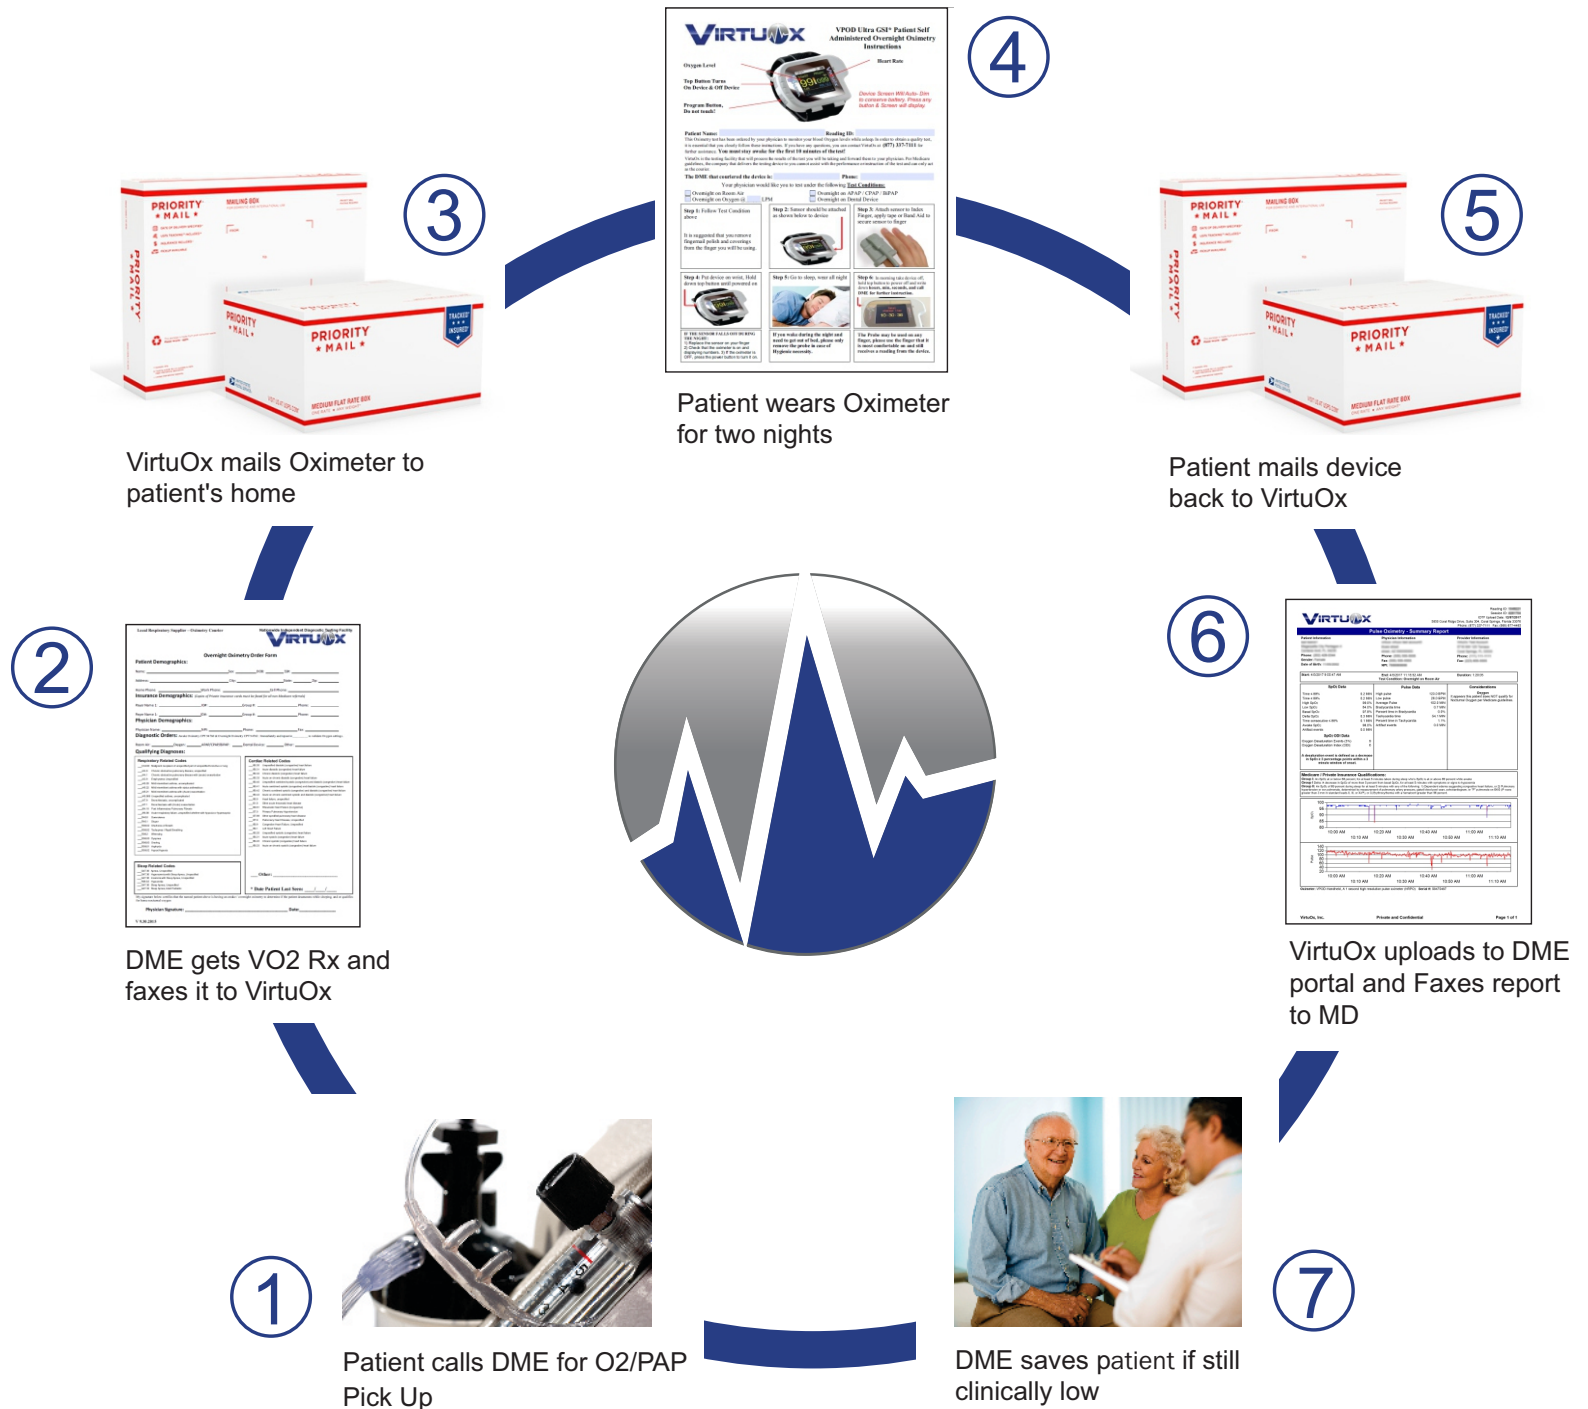

- Provides healthcare providers & patients the clinical results needed to properly discharge a patient from nocturnal O2 and/or PAP therapy.
- With a valid prescription, VirtuOx will mail order VPOD VO2 Program Overnight Oximeter directly to patient
- Patient will test for two consecutive nights, night 1 on therapy and night 2 off therapy.
- Patient will mail device back to VirtuOx, data is uploaded to the DME account.
- There is NO COST FOR THE DME / MD!
- VirtuOx will bear all costs for this program, VirtuOx bills the payer for the two nights of testing!

VPOD VO2 Program

The VirtuOx VO2 Retention Program is available to assist healthcare providers make clinical decisions when it comes to their patient's potential discharge of Nocturnal Oxygen or PAP therapy.

Once an order is received, VirtuOx mails patient a VPOD VO2 Program Overnight Pulse Oximeter to the patient's home. The patient will wear the device for two consecutive nights with night 1 on therapy and night 2 off therapy. VirtuOx will upload the results into the DME's account and fax a copy of the results to the patient's physician once completed. There is **NO COST TO THE DME**. VirtuOx will bear all costs for this program and will only bill the patient's insurance company for two nights of Overnight Oximetry Testing!
